Drive down the M32 and head for the city centre [drive past such shops as Allied Carpets, McDonalds and Debenhams on the left] to the James Barton roundabout, near the main bus station. From James Barton roundabout, take the Bond Street exit [back towards M32]; stay in the left hand lane. Take the first left after the NCP car park passing the GE Capital Building. This is York Street. Almost straight away you will come to Brunswick Square. We are in the corner as you enter the square as shown right. You can park on meters anywhere around the square.
